**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

AT & T has long been anti-competitive and worked to limit possible future competition, and their current proposal to take away access to unbundled network elements that other companies rely upon is a serious example. AT & T has always been last choice for us consumers and the last thing we need is less access by other providers.

The FCC's responsibility is to prevent that sort of thing for the benefit of consumers, we hope you will take that responsibility seriously.

Thank you.
